

INDIA

- [The India Code on Wages 2019](#)
- [NGOs Mentioned in the Profile](#)
 - [Dhank Craft](#)

Dhank is a social enterprise providing skills training in handicrafts to empower village women living around Ranthambhore Tiger Reserve to benefit from sustainable livelihoods linked to tiger tourism and through this, to help protect tigers and avoid man-animal conflict. Other benefits given to the participants and their families include female child education, healthcare, loans, micro-finance for buying livestock and machinery, counselling on issues such as education, domestic violence and raising awareness of conservation.

NEPAL

- **WWF Nepal**
WWF Nepal's sustainable livelihoods programme includes the promotion of ecotourism and creation of green jobs.
<https://www.wwfnepal.org/>

Dhank, a social enterprise benefitting from sustainable tourism through the sale of handicrafts made by families around Ranthambhore Tiger Reserve.

HELP US DRIVE THE CHANGE

Your corporate commitment to sustainability

TOFTigers is a global business-to-business nature travel charity with a mission to improve the ecological and economic sustainability of wildlands and wildlife across Asia. Well-planned and well-managed responsible tourism is a force for good bringing economic benefits to rural areas, restoring habitat, supporting conservation and local communities, changing poachers into protectors and giving visitors inspiring experiences of nature. We work with the travel trade, destinations, accommodation providers, governmental and conservation organisations to make this happen through training, advocacy, certification, promoting best practice and partnership working.

Our **certification programmes** place local communities, nature and environmental sustainability at the heart of business operations. They are a symbol of assurance for travellers and the travel trade that the places they select to stay at have been reviewed by environmental experts and exceed a minimum standard on a journey towards best practice. The PUG certification is recognised by the United Nation's Global Sustainable Tourism Council (GSTC) and is aimed solely at nature focused accommodation. The Footprint certification has a broader client base that is not wholly nature focused and encompasses accommodation providers in rural, natural or more urban landscapes.
