

Svasara Jungle Lodge, Tadoba Segregating Waste and Saying Goodbye to Plastic

WASTE MANAGEMENT SEGREGATION - GUEST ROOMS

Dear Guest,

It is our constant endeavour to improve our commitment towards environment-friendly practices. In this regard, our latest initiative is to seek participation from our guests to help us segregate the waste generated in their rooms. Kindly follow the below guidelines to put the waste in the respective colour-coded bins.

FOOD WASTE Colour Code: Green	RECYCLABLE WASTE Colour Code: Blue	NON-RECYCLABLE WASTE Colour Code: Red
Vegetable / Fruit peels Cooked Food Leftovers Tissue Paper soiled with Food Tea Bags	Plastic (bottles, boxes, packets, packaging, wrappers) Paper (newspaper, magazines, paper pieces, stationery, cardboard, tetrapaks) Metal (foil containers, cans) Glass (unbroken glass bottle) Rubber Cloth Thermocol	Sanitary Waste Diapers Ear Buds Bandages Condoms Nails Hair Used Tissue Medicines Razors/Blades Used Syringes Injection Vials Broken Glass

We thank you for your cooperation in saving the pristine environment around us!

Svasara Jungle Lodge encourages its guests to segregate waste into three streams – food, recyclable and non-recyclable - through briefing and colour coded bins.

Reusable thermoses for water

To cut down on plastic waste, thermoses with safe drinking water purified by reserve osmosis are provided in all guest rooms and on safari. Water in plastic bottles is sold at a premium to discourage use.

Replacing 30ml plastic toiletry bottles with refillable table-top and wall-mounted dispensers for toiletries is a second initiative which has cut down plastic waste dramatically.

The lodge also actively seeks out eco-friendly alternatives elsewhere and uses:

- Bamboo cocktail stirrers
- Steel cutlery instead of plastic for picnics
- Bamboo baskets for laundry
- Paper drinking straws instead of plastic.
